715 OCEAN TERRACE
STATEN ISLAND, NEW YORK 10301

July 20, 1983

To Whom it may concern

I emigrated from the Soviet Union to the United States in 1979. I hold my Ph.D in Physics and Mathematics from Acoustical Institute of Academy of Sciences of the USSR and then my scientific post-doctoral degree (which is not granted in the US) in Physics and Mathematics from the Mathematical Department of Byelorussian Academy of Sciences, Minsk, USSR. Currently, I am a professor of Computer Science in the Computer Science Department of the College of Staten Island of the City University of New York.

My main scientific interests are in Mathematical Modelling and Systems Analysis with applications to Computer Science, Information Systems, Philosophy, Medicine, Economics, and Sociology.

I am familiar with teachings of various spiritual leaders throughout the world. I believe that the teaching of the spiritual leader SHREE RAJNEESH is the most prominent teaching I am familiar with.

Sincerely,

A handwritten signature in cursive script that reads "Avgustin Tuzhilin".

Avgustin Tuzhilin, Professor
of Computer Science
