

Ursula Niklaus
Ärztin, Psychotherapeutin
Schwarzwaldstr. 54/56
78 Freiburg

To whom it may concern,

I am a physician and a trained psychotherapist.

During the past 8 years I have been affiliated with the
Freiburg University clinic, the Psychiatric Hospital in
Emmendingen, the "Städtisches Krankenhaus" in Lörrach,
some smaller hospitals and official medical centers.

Since my first introduction to the work of Bhagwan Shree
Rajneesh I have been benefitted immensely in my practice
from his insights into the world of psychotherapy, parti-
cularly as they relate to group work and the role played by
catharsis in the healing process.

Further more, I have made use of several of his meditation
techniques in working with my patients and found them
unfailingly effective.

In my appreciation Bhagwan Shree Rajneesh stands as a unique
personality in today's world culture, as he synthesizes
originally the western psychotherapeutic tradition with the
meditational approach of the East.

I regard him as one of the truly outstanding men of our time.
