To Whom It May Concern:

I am currently a psychiatric consultant to Ulster County's Mental Health Services, a supervising psychiatrist for the New York State Dept. of Mental Health's Community Treatment Program in Kingston, and Director of The Kingston Counseling Center, a multidisciplinary therapy group. In recent years I have taught at the Albert Einstein College of Medicine and been a Visiting Professor at the City College of New York.

Since 1976, I have been a student of the teachings of Bhagwan Shree Rajneesh and have had extensive contact with the man himself and his disciples, both in India and Oregon, since that time.

He is a remarkable spiritual leader who has a great deal to offer my own profession in particular. His profound psychological insights and incisive techniques of "dynamic" meditation are too little known in the West and deserve serious attention and dissemination.

My country is fortunate to have such a man upon its shores.

Yours very truly,

Arthur Sherman, M.D.
