TO WHOM IT MAY CONCERN

It gives me great pleasure to write about Bhagwan Shri Rajneesh.

I am a physician, specializing in obstetrics and gynaecology, and in practice for the last 8 years.

I consider Bhagwan Shri Rajneesh as a man with exceptional qualities. His broad knowledge and understanding of human psychology is really exceptional. His deep insight into the dynamics of the human mind is unparalleled. He has helped, and is still helping, thousands of people to come out of their neuroses. He is internationally recognized for his work. His presence in any country would be a great asset to that particular country, and to the world.
