TO WHOM IT MAY CONCERN

Many years ago, there was a congregation at Anritsar arranged by Sri Pirmal Swami which was attended by my father late Shri Kunj Behari Lal- a true believer in Vedanta. According to him, the holy saint, Bhagwan Rajneesh made the audience spell-bound with his more impressive and logical views on Hindu philosophy. That was a starting point. Then after a gap it was through his books & tapes that I had the privilege to know more about his teachings. His approach and method of expression created a deep impression on my mind and the other members of family. By and by there was transformation of old thoughts, beliefs and actions resulting in a revolutionary change in the daily course of life at home and particularly in office. Today it is a matter of great pride and honour that the number of devotees and true seekers of this holy saint is growing not only in India but all over the world. The people abroad gave him all the love, affection & respect even more than the public in India. I earnestly look forward when we again have amongst us the Great Master, Bhagwan Rajneesh. His presence will enable the common man to get free from the drudgeries and anxieties of the world by maintaining the inner composure and peace of mind following his teachings.
