To Whom it may Concern

I have read some of Shri Bhagwan Rajnish's books such as Buddha's Sutras, Tao - the three treasures, I am the Gate & listened to many of his tapes on spiritual topics. I have been specially influenced by his talks on Gurm Nan Japji which runs in twenty tapes.

I think Bhagwan Rajnish is not only an erudite scholar & philosopher but a great Indian sage. Unfortunately he is a much misunderstood saint because his talks & writings are much ahead of time.
