To whom it may concern.

I am a swedish actress who has been working in the profession for 15 years.

I have played in a variety of theatrecompanies, swedish TV and in films for different filmcompanies.

I first came to know Bhagwan Shree Rajneesh about five years ago through contact with some of his disciples here in Sweden. I also read some of his books and started to practice meditation-techniques he has devised.

I had a very exacting role in a play running in a very renowned theatre here in Stockholm a couple of years ago. It was a one-woman play and it ran every evening for almost 3 years. The production was very successful.

One thing that helped me very much during this period was that I prepared myself by doing one of Rajneesh's meditation-techniques before each performance.

It certainly helped me to be much more relaxed and to get in touch with myself and my creative, performing-abilities.

To me, Bhagwan Shree Rajneesh is a remarkable person with a deep understanding of the mind of modern man. He is teaching his message and putting it into practice in a significant way and it has helped, and is of great benefit for, many people.

The only deep experience I have had of him and his teachings (the meditations mentioned earlier) have been of immense value for me and I do know that he is a great inspiration to many people with creative professions.

Yours faithfully
