TO WHOM IT MAY CONCERN

I hold degrees in architecture and graphic design from universities in Switzerland and Germany. I am a member of the Alliance Graphique Internationale, with headquarters in Zurich, and of the American Institute of Graphic Arts in New York.

I consider Bhagwan Shree Rajneesh to be an extremely significant religious teacher, certainly the most important living expert on psychology, a great writer and essayist, and undoubtedly one of the most important figures in contemporary culture.

I personally have written a lengthy article on him for the highly regarded Italian magazine Panorama Mese, based in Milan.

I am therefore strongly of the opinion that Bhagwan should absolutely be allowed to remain in the United States.

I have become personally acquainted with Bhagwan Shree Rajneesh during my many trips to and lengthy stays in Poona, India.
