

To whom it may concern.

I am Monica Agri Ma Dhyan Alka midwife teacher and mother to four nice children.

At once at the first time I heard about Bhagwan Shree Rajneesh I felt He was something really outstanding loving and a great religious leader.

I had to say yes to Him and I became a disciple of Bhagwan Shree Rajneesh.

In school as a teacher for children 14 -17 years old I find a great inspiration and help from Bhagwans discourses and books. His love and clarity is the most beautiful thing happening in the world just now.

I think you will be proud and happy to have Him in Oregon

I send you my love
