To Whom It May Concern:

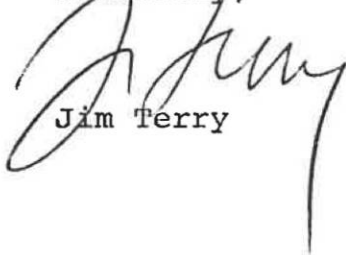

I am an independent film and television producer, own my own companies and have done so for 25 years.

I think that it is disgraceful that our government is harassing Bhagwan Shree Rajneesh and trying to invalidate his status as a Spiritual Leader. He is obviously a great Spiritual Leader and has the right to practice his religion any way he chooses. No other leader in the world has published as many books or even attempted to create the kind of spiritual community that he is now creating in Rajneeshpuram, Oregon. I feel he is a credit to our country.

I know several of his followers and find them to be intelligent, articulate and loving citizens.

Our country is founded on freedom of religious choice and I feel that it would be a terrible blow to all of us and our Constitutional Rights if Rajneesh is not granted his Visa as a Spiritual Leader.

Sincerely,

Jim Terry
