TO WHOM IT MAY CONCERN

Bhagwan Rajneesh entered my life
a living breathing phenomenon, promising
nothing but changing everything.

Having read and listened to Bhagwan, my
outlook changed. A sudden transformation
from this great spiritual force has been
the guiding motivating force for all my
activities ever since. And now he has become
a part of my lifestyle and his discourses
are heard by me regularly. Truly, he is
the spiritual master of this age.
