

To whom it may concern,

I am writing to express my support of the petition of Bhagwan Shree Rajneesh for residency in the United States of America.

I am Esther Marjorie Johnson of Adelaide, South Australia. I am an Education-
alist in the early childhood area and am responsible for the delivery of high
quality services to young children in a large area of this state.

I came to know of Bhagwan Shree Rajneesh first through the interest of my
daughter. Since my introduction I have read several of his books and have
found them enriching and enlightening.

In my opinion Bhagwan is a man of outstanding creativity and wisdom, a man with
rare understanding of the mysteries of life, of science and art. He is an inspi-
ration to many people throughout the world, those who decide to become more
closely involved with his work, and those who do not, alike.

I believe the presence of Bhagwan Shree Rajneesh in any country could be nothing
but an asset to the quality of life and consciousness in that country.

I eagerly await news that he has been accepted as a resident of the United States
of America.

Yours sincerely

Esther M. Johnson
