To Whom it may concern:

I am an American citizen presently living in Switzerland. My wife is a Swiss citizen. Presently I am teaching Flute at various Bezirksschulen (Junior High Schools) here in Switzerland. I have a Masters Degree from the National Conservatory of Music in Freiburg, in Germany. I have also been a Rajneeshee for the past three years.

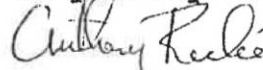

I first heard about Bhagwan Shree Rajneesh through friends in Germany. Later, I read several books written by Bhagwan himself and was very much interested in his work and message.

Bhagwan Shree Rajneesh is in my opinion our only hope. If we are to change the world into a better place to live in, we all have to become rooted in love, in meditation, in awareness. These are just some of the few qualities that Bhagwan Shree Rajneesh is.

Let us not ignore this great man and his message to us. To do so would be a grave mistake on our part. Bhagwan Shree Rajneesh is and will prove to be a tremendous asset for America.

Please allow Bhagwan Shree Rajneesh to remain in America and continue the fine work which he is doing. Thank You for your consideration to this matter.

Very Truly Yours,

Anthony Roché (Swami Vedam)
