TO WHOM IT MAY CONCERN:

Since I was first introduced to Bhagwan Shree Rajneesh in a conference sponsored by the Association for Humanistic Psychology in 1973, I have been highly impressed with his wisdom, his scientific knowledge and his philosophical perception of life and death. His books are artistic poems that have the ability to reach a wide variety of people. I was one of those people, searching for truth and meaning.

I am delighted that Rajneesh has come to this country. He espouses a philosophy of peace and love. I feel that this kind of teaching is what we vitally need in our world today.

Sincerely,

A handwritten signature in cursive script that reads "Carmen Cummings".
