

JOACHIM GODOSAR

20. Jul. 1983

Goethestr. 19
63 Zießen

To whom it may concern

I am an engineer and working in an industrial company. The enterprise is producing mainly medicines to help other people in getting again their health. My personal task there is to act as a coordinator between salesmen and electronic data processing.

With this letter I want to express my sincere appreciation for the work and ideas of Bhagwan Shree Rajneesh. I consider him as a person with outstanding and exceptional abilities who had a positive impact on my life.
