To Whom It May Concern

-Re - Bhagwan Shree Rajneesh

I have been in private practice as a psychotherapist for 8 years, and have been a member of the Psychotherapist and Hypnoterapist Institute of New Zealand, and the International Transactional Analyst Association.

I have taught and lectured in pyschotherapy methods for various professional groups and helping agencies in New Zealand.

I am familiar with many of ther teachings of Bhagwan Shree Rajneesh. I have had personal contact with 20 of his disciples as colleagues, patients and friends.

With regard to Bhagwan Shree Rajneesh's teachings I have read them with interest and considerable personal benefit. His teachings and meditation practices have without question changed the lives of his disciples and I have myself used some of his meditation techniques both personally and with regard to my clients.

In my practice of psychotherapy I have recommended his writings as an authority to those of my clients seeking alternative philosophy and visions of reality.

Yours faithfully,

D E Flaws.
