

TO WHOM IT MAY CONCERN

I, the undersigned, am Charlotte Eitel, a socialworker of German nationality. I was born March 25, 1957 in Ramsberg, Germany. I am living at Mergenthalerstrasse 34, 8000 Munich 60.

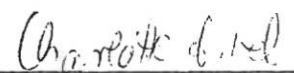

I received a graduation in socialwork at the Catholic Academy in Munich. During my study I got a scholarship for exceptional academic attainment from the German government. I also used to have seminars in theology, which I was very interested in, as I always felt that my humanitarian attitude is most important for my work as socialworker. During my study I got specialized in working with behaviour disturbed children and their parents.

After my study I worked in the Psychiatric Hospital of the University of Heidelberg in the Department for children. Afterwards I worked in a Kindergarten of the Protestant Church taking care for the "difficult" children in the group.

I first came into contact with the teachings of Bhagwan Shree Rajneesh during my study by reading His books. After a while I used to do His meditations which gave me an immense help to get clarity with myself. In 1980 I decided to travel to Poona/India and asked to be initiated by Him. I also visited Rajneeshpuram which I experienced as a very advanced commune who's goal is to make it possible that man can live in harmony with himself and nature.

I see the teachings of Bhagwan Shree Rajneesh as a great value for myself and for the whole mankind today.
