TO WHOM IT MAY CONCERN:

I hereby state that it is my opinion that BHAGWAN SHREE RAJNEESH has shown clear evidence of being a creative thinker and religious teacher.

I am a biologist, currently a Professor of Biology at the University of Chile. I have been introduced to Bhagwan Rajneesh through his books and a few videotapes. Through these readings, it is quite evident that the above mentioned is exceptionally valuable as one of the few rare individuals who can open a dialogue between western and ancient teachings.

I swear that the above information given by me is true, complete, and correct to the best of my knowledge and belief, and is furnished in good faith.

Sincerely,

Francisco Varela
