TO WHOM IT MAY CONCERN

Recently I've heard there is some doubt as to the qualifications of Bhagwan Shree Rajneesh as a religious leader and teacher.

I have been involved in the Beauty & Fashion industries for many years and work has taken me all over the world. It was some 6 years ago I was in India on business that I came into personal contact with Bhagwan.

Immediately I recognized this man to be unlike anyone I'd ever met. His presence stirred something in my heart and I became a disciple. I worked in the ashram there as a hairdresser and my relationship grew deeper and deeper over the years. Having heard him speak over and over in discourses and darshans I began to feel that just sitting with him in silence was more than I could ever ask for.

Bhagwan's understanding of life, men and women and the beauty inside and out has had a great impact on the work I do.

I am licensed in several states as a cosmetologist living and working in Rajneeshpuram where Bhagwan's vision is flowering and feel He is a tremendous gift to humanity and America.

I urge you to recognize this man's exceptional ability in arts and sciences and grant him residency here.

Sincerely, *Swami Upasaka*
