TO WHOM IT MAY CONCERN

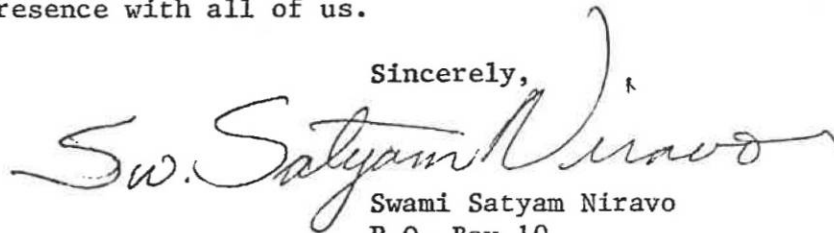

I wish to express my heartfelt desire for and support of Bhagwan Shree Rajneesh being allowed to live in this country.

I feel that Bhagwan would be such an asset, such an inspiration, to America. His depth of understanding in the science of psychology has been such a benefit to myself and other people I know. Those of us who have listened to him in person, have heard his recordings or sat with him in silence have widened and deepened their understanding of themselves, and their feeling of life.

Since I have been living at Rajneeshpuram I found that by using what I've gained from his teaching I've found abilities I never knew were within me - more creativity in my work, and more warmth and feeling in my relating with those I work with.

I know what Bhagwan has done for me and for others, and what he could do for America should he be allowed to live here and share his understanding and presence with all of us.

Sincerely,
