To whom it may concern,

Love.

I am writing this message in behalf of Bhagwan Shree Rajneesh. Bhagwan is clearly a man of extraordinary insight and I am pleased to take the opportunity to express my gratitude to him & tell you of the gifts he has given to so many. Most importantly, I urge you to grant him permanent residency status in this country.

I now live and worship in Rajneeshpuram, Oregon after a decade of work with computers in the corporate world. From a self taught programme at age 20, to a consultant advising heads of corporations at 26, I spent years involved with clients in various fields such as; government, manufacturing and transportation.

Until I was introduced to Bhagwan, the business accomplishments and gains were somehow shallow. Exposure to his philosophy led me not only to a emotional peace, but enabled me to realize a greater potential and improve my abilities. This was much to the delight of the clients, who were saved thousands of dollars in fees for developing computer systems.

Bhagwan's teachings, thru the past years of spoken discourses, his meditations and therapies have reached and changed the lives of thousands of people. And now, his silent presence as one before a quest, is the inspiration for all the incredible growth in this unique community and resurgence of fertility to the land.

For years he travelled widely sharing the truth and beauty of all the great scriptures, and his recognizing

as a man of peace and wisdom. Merely through
being here, in silence, a gorgeous experiment is
flowering. A place exists where people from
everywhere can come to experience for themselves
a community thriving in joy and love, econom-
ically sound, void only of crime. Surely, a man
who thru his religious teachings enables a city to
grow where there was nothing just 2 years ago,
is a valued member of any society.

And besides, I love him and want him to have
the gift of residing in the freest nation on the
Planet. So again, I urge you to grant him
permanent residency status, as a man of
exceptional ability.

His blessings,

Ma Prem Madab
