To whom it may concern:

In the past I have been involved in working as a translator, secretary and assistant to executives. The fields included advertising and films as well as technical work. Later I designed shoes and worked as a shoemaker and as a dressmaker and other crafts.

I first came into contact with Bhagwan through other samyasis. He was without doubt the man I was searching for. Being with him has greatly changed my life and work. Having experienced the first steps of a career I realized that this was not what I was looking for in life. My search for a depth and quality in life had to meet Bhagwan. Through his teachings and presence my life and work has become full and rich. It now perpetuates

- a new way of seeing has entered my life. work has become worship and a way of living.

Living in the community of Rajneeshpuram has given me a absolute unique experience.

Bhagwan's presence and silence enhances our beings. the silence through which he speaks to us has even a greater impact than his words.

The creativity and joy with which everything happens here I have never experienced before anywhere else.

And there is only one answer to this miracle that we are blessed to be part of - Bhagwan without his tremendous love pouring on us - his presence his silence - this could not happen.

Yours sincerely,
Dana Arpita
