To Whom It May Concern:

I am writing to you on behalf of Bhagwan Shree Rajneesh. I recommend him to you as a person of exceptional ability in the Arts from India.

My own credentials are as follows:

I have my masters in Speech and Drama from Sacramento State University, I've taught Drama and English in High School for 17 years, directed numerous plays, become a certified counselor for the spiritual group Wingsong, led video workshops there, and have taught Improvisational Theatre Groups privately for the past two years.

I have come to know Bhagwan Shree Rajneesh through his books, his teachings, and his students.

I directly apply many of his teachings to my own classes. His concepts of doing a thing totally, seeing God in everyone and everything, doing what one does with love, expressing oneself fully, being in the moment--these precepts, these ways of being have been invaluable to me as a teacher this past year, and have enriched my life considerably.

He is a spiritual teacher of International reknown. To have such a man in this position can only be a blessing.

Thank you for allowing me to address you about Bhagwan Shree Rajneesh.

It has been my privilege.
