To whom it may concern

Dear Sirs,

I was informed by the international press that Bhagwan Shree Rajneesh applied for a permanent visa for the United States of America.

I'm one of his disciples and I would like to support this application by my letter because Bhagwan Shree Rajneesh is really a man with exceptional ability.

I'm 26 years, have attend a commercial school from 1970-1972 in Trier / Germany and finished with a Diploma. After that I attend a a Secretary school in Kaiserslautern / Germany and finished with a Diploma. Then I studied for 6 months the French language at the "Université de Paris, Sorbonne" and I finished with the "Degrée Supérieur". I worked then for several years as a secretary. At last at the University of Trier W. Germany, where I was the secretary of Prof. Dr. Hans Pfaffenberger, who is well known in Germany as a teacher of social work and psychology. By working with him I got inspirated to study social work by myself. I started in October at the University of Bremen / West Germany.

I got a lot of interesting inspirations by this studies for

my own life and for working with other people.
But something was still missing. It was the heart of all that.
I found that in Poona/India in 1981 when I became a disciple
of Bhagwan Shree Rajneesh.

I know him as a person of extraordinary ability of philosophy,
psychology and religion.

He is at the moment living in Rajneeshpuram/ Oregon,
and I visit him twice at the Annual World Celebration.
There a new city is born, where people are living in a beautiful
way with love for each other and without violence.

Bhagwan Shree Rajneesh is teaching through silence now.
After he had given discourses for many years which
are international required.

And all of the world you can find meditation centers
and Ashrams where people are living as disciples of him,
spreading his idea of a new human being all over the
world.

His teaching is so complex and his understanding of
psychology and philosophy and religion so tremendous
that he really earns the state of a person of exceptional
ability.
