To Whom It May Concern

Please allow Bhagwan Shree Rajneesh to remain in the United States. I am a disciple of His and love having Him close by so that I can make religious pilgrimages to see Him and be in His presence several times each year.

It doesn't matter whether He's speaking or not - just sitting by his side is a religious experience for me and thousands of others from all over the world. His communication with us is beyond words - something that has to be experienced to be understood. Even the Dalai Lama recognizes him as a living Master. He is not harming anyone by being here.
