REGIONAL DIRECTOR
IMMIGRATION & NATURALIZATION SERVICE
PORTLAND, OREGON

Dear Mr. Director:

As an executive of a major industrial complex in the Los Angeles area, I personally experience a great deal of business activities.

It has been of great value to me to end my day with a good book of Bhagwan Rajneesh quotes and such.

I have learned a great deal from this master and his meditation methods give me peace and creativity daily.

Please use this letter as my support of his presence in the United States of America.

Kindest regards,

D. P. Cronin
