to whom it may concern,

It is nearly a year ago that I came in contact with Bhagwan through visiting the neo-sannyas centre in Fremantle.

Although Bhagwan was already in silence, it was obvious to me there was something of his spirit in this community.

I took sannyas in February and saw Bhagwan physically in Oregon in July. His presence was strong in the ranch.

In my relationship with Bhagwan it is irrelevant whether he speaks.

He has said all I ~~have~~ need to know on videos & in books. His communication with me is on emotional level.

yours faithfully.

Mrs. Christine Gow.
