To whom it may concern,

I am a
Montessori teacher and a student of
Bhagwan Rajneesh since about 1978
I have attended lectures and
meditation courses at his ashram in
Poona India during three trips to
India.

Bhagwan Rajneesh's teachings have
helped me to gain a better understanding
of myself and other people and have
helped me to lead a more fulfilled
and dynamic life.

Bhagwan Rajneesh is truly a unique
man. He is a spiritual teacher with
a vision of peace & harmony for all
mankind. His teaching & his work
are without equal in the world
today.

I plan to attend his courses,
lectures & meditations in the future

Sincerely,

Julie Alibon
