TO WHOM IT MAY CONCERN,

I am writing in favour of allowing Bhagwan Shree Rajneesh to be allowed to remain in the USA.

I am a General Practitioner in Private Practice in the West of Australia

I became aware of Bhagwan through various books and by coming into contact with some of his Sannyasins

I travelled to Poona in India when Bhagwan was there and spent some time experiencing life on the Ashram. I found it a very interesting and rewarding experience and I feel that from many points of view his proposed Ashram in the USA will certainly benefit the community

James Latto.
