TO WHOM IT MAY CONCERN:

I herewith would like to testify to the exceptional ability of Bhagwan Shree Rajneesh as a religious teacher and spiritual leader.

I have just finished my studies on peace and conflict research, with special regard to education and behavior of human beings, with an M.A. in Politics and German literature from the Free University, Berlin, West Germany.

Especially in this field, the outstanding vision of Bhagwan Shree Rajneesh, with its wide-spread concern with human living conditions, have assisted me tremendously in my studies.

I came across his teachings from his religious books and tapes and enjoyed his inspiring presence at the Second Annual World Celebration of Rajneeshpuram, Oregon this summer.

Bhagwan Shree Rajneesh is a man of international renown and one of vital importance if we are to have a free and peaceful world.

Yours faithfully,
