To whom it may concern,

Let me introduce myself my name is Karla Austin I am the Art Director for Lois Earl Ent. And I am writing this letter in support of Bhagwan Rajneesh and his continued stay in America. I don't know anything about politics but I do believe in free speech as I know you do. Rajneesh's books tapes newsletters have assisted myself and my 16 yr old daughter to understand our self our life our choices. He is a teacher of exceptional ability. Humor and candor. (Perhaps too much) We need someone in this world like him. To have him in America is a blessing. I ask for my family & my-self that Bhagwan be invited to stay in this glorious America of ours. I welcome him to our hallowed shores.

Thanking you for your concern.

Karla Austin
