TO WHOM IT MAY CONCERN

I am a dental technician and am also working as the manager of a discothek
I am running together with some friends.

I would like to convey what Bhagwan Shree Rajneesh means to me: He is the most important person of my life. He has disturbed my sleep, opened up my eyes. As I once thought that the world is at its end, I had dropped out of social life and gave up work. Shortly after that I got a book by Bhagwan which made me curious and thoughtful. I then visited a Rajneesh Meditation Center. I enjoyed the loving atmosphere and I was impressed how beautiful and open the people were with each other. I participated regularly in their meditations and after a few weeks I could feel how my joy for life came back and that an incredible energy developed inside of me. I was able to work as a dental technician again and now I am enjoying this work very much.

In June I travelled to Rajneeshpuram and met my Master Bhagwan Shree Rajneesh for the first time in person. This man radiates such love! During satsang where He sat with us in silence, I cried and laughed at the same time. There was no need to hear Him talk, my heart jumped towards Him and I felt blissful.

When I am back in Germany I will share this love with everybody. And I would like as many people as possible to experience this joy that Bhagwan shares with us. I herewith ask you to do everything possible that Bhagwan can stay in this country.
