TO WHOM IT MAY CONCERN

I am an Italian citizen happily married to an American citizen. We met just because we both were disciple of Bhagwan Shree Rajneesh and through the years the love we both share for our master is a perennial spring, feeding the love we feel for each other.

Although our home is in Texas we are presently visiting Rancho Rajneesh in order to take advantage of Bhagwan's presence. I took sannyas in India when curiosity compelled me to visit Poona and that man who could gather so many different people with different backgrounds, traditions, languages, age, educational backgrounds.

Even at that time, I must say, though Bhagwan used to give a daily lecture I was touched more by the sense of miraculousness that flowed from him, rather than by the words he was saying, words that only now I begin to appreciate in their full originality and meaningfulness. This is what today brings me to seek his physical presence every time it is possible.

Now that he is in silence, nothing distracts me from sharing the miracle of his presence and this is for me the deepest teaching that I have ever experienced.

I bless the wonderful opportunity given to me to be born in this time, and I bless the wonderful country that hosts Bhagwan, and hopefully will continue to do so.
