To whom it may concern:  
I have been a disciple of  
Bhagwan Shree Rajneesh since  
January 1983. I have never heard  
Him talk but to me it is  
unimportant, because what He  
gives me is a gift far more  
precious than words could  
contain. My love for Him and  
His love for me is beyond  
words. What is happening at  
Rajneeshpuram Oregon and all  
over the world wherever His  
friends and disciples are is  
a miracle. There is so much  
joy, love, creativity and cele-

oration of life, and we are all  
so grateful to Bhagwan, whether  
we are with him physically  
or in Australia or elsewhere,  
whether the verbally communi-  
cates with us or not. Without  
him, this miracle would not  
be happening. Everything he  
wants us to know is recorded  
on audio- and videotapes and in  
the hundreds of books that  
have been published. The message  
is no less powerful now that  
the communication with us non-  
verbal. All Bhagwan's friends  
and disciples are so grateful  
that he is with us and it  
is so beautiful for us to be  
able to visit him in Oregon.  
There are about half a million  
people in the world today  
who would love Bhagwan to  
receive permanent residency  
in America. If you are unsure  
as to whether to grant him

permanent residency,  
just go to Rajwashi-  
puram and see  
and feel for  
yourself: what is  
happening there is a  
miracle more beautiful and  
precious than anything you  
have probably ever experienced.  
Just look into any of his  
sanyasin's faces and you  
will know that his teaching,  
verbal or non-verbal, brings  
nothing but joy and alive-  
ness.

with love, Na Prem Pragiro.
