

5-8-83.

To whom it may concern,

I took sannyas while Bhagwan Shree Rajneesh was in silence 3 months ago.

My reason for becoming a disciple of a Master, is that through this silence I feel a great depth of peace, love, understanding, and compassion.

This has helped me to have a greater insight of myself and therefore become more helpful in the community through a deeper understanding.

With gratitude to Bhagwan,

Na Givan Kaula.
