To whom it may concern,

When I am become touch with Bhagwan, was it impossible to keep a living the way I did.

During two years I was satisfied with just reading His books and listening to his tapes.

Then I started to feel more and more that I wanted to become a sannyasin. That I took in the Hague (meditation centre Prem Kusum) where I do a lot off meditations and other activities.

I feel He is so close to me that when without having to see him I took sannyas.

I had a job with the newspaper but I felt wanted to work outside and so I became a gardener.

I hope that I'm able to go to next Festival and then I see him for the first time in my life.

From swami Satyam Pim.
