

26<sup>th</sup> July 1983

To whom <sup>may</sup> it concern

My Sannyas name is Swami Premdhyan, my legal name is Carlo Sandrin.

I'm 20 years old and I'm studying for Agronomy Engineer.

Bhagwan is entered in my life 3 years ago and I've followed "Sannyas" way in 26<sup>th</sup> February 1982.

Bhagwan Shree Rajneesh is my master, and he has taught me what means to live in harmony with myself, he teaches me what means to love anything that comes and he gives ... any moment.

Bhagwan is the greatest adventure and he leads a new religious experiment on this Earth ... it is called «to live well».

Great full thanks for your attention
