

Milano, I. 8. 83

To whomsoever may concern.

Dear Sir,

I'm a professional woman in Milan, Italy.  
I've been sannjasin for over five years.

In my recent trip in Oregon, for the II Annual World Celebration, I've remarked with immense joy that my trust and the trust of many others in the world has been put in concrete form in your country, through a orderly, constructive, useful, collective work.

A dry land transformed in a center of happy activity!

This seems to me the best testimony of the Bhagwan Shree Rajneesh's influence, with His invitation to meditation and prayerful dayly work, in the utmost respect of the intrinsic values of life: love, friendship, tolerance.

I thank you for lissening to my voice, that of a honest and complete human being.

Sincerely,

Ma Prem Keertan
