TO WHOM IT MAY CONCERN

I am a sannyasin since 1980 and even if I'm not physically next to BHAGWAN SHREE RAJNEESH I can enjoy a deep connection with him through a Buddhafield. Rajneeshpuram is a Buddhafield.

Buddhafield means for me " the school of a Buddha" a place and a space where a living Master can transfere his experience to all the people who are available to receive it.

I have been in Rajneeshpuram three months long this year, prayng, meditating and learning about me. All these things were made possible by the worship, the main religious activity of RAJNEESHISM.

Glad to let you know who we are and sure you will understand I greet you in the Rajneeshi way:
