To whom it may concern :

My name is Parmananda, I took sannyas during the First Annual World Celebration of the sannyasins in Rajneeshpuram in Oregon. The first contact with the Master had already happened before by reading His books. After having read His discourses and having seen Him on a video tape, it was great, beautiful and unique to see Him there physically in front of me. The sense of fullness and completeness that His image gives was not at all diminished by the fact that He did not talk. The organization which had made it possible to finally find myself near my Master was splendid and it is incredible how it was possible to organize in so little time a meeting of world wide dimension.

To meditate with Him, in His place, His silence, really triggers something inside. War, hunger, hate, anger disappear in the silence of His presence and leave you happy and ecstatic to listen finally to yourself.
