To Whom it May Concern,

I came to know Bhagwan Shree Rajneesh through reading His books. His books brought me to a point where I could see that all the things in my mind were just trivial.

At first I did not know that He had gone into silence. But, I did not find that anything had changed after He went into silence. His teachings remained. ^{R. Maruo} One of His sayings is " One cannot communicate the truth with words "

I became one of His disciples on June 22nd, 1983. Since that time I feel that the old world of falsehood, that I had constructed about me has began to disappear.
